- Focussing on improving self confidence
- Encouraging voice projection
- Encouraging and developing team work for a common goal
- Exploring the emotions

- Developing spontaneity and the ability to improvise
- Role-playing various scenarios and situations
- Allowing risk-taking in a safe environment
- Engaging children in healthy movement and exercise
- Providing an avenue for positive thinking and criticism

**In Musical Theatre**, students are guided through several musical pieces, involving singing and performing choreographed moves, leading to a performance in front of an audience.

**Adult Drama:** A very popular session to enjoy the fun of acting and drama without the pressure of performing on stage. Participants are lead through a range of activities, usually great fun, developing some basic theatre and drama skills. Great for self-confidence, expression and ordinary life-skills.

**Singing Lessons:** Individual or group lessons are available on a range of days and times, including Saturdays. These lessons focus on basic skills and on extending individual vocal talent, both for adults and children.
